Circular No – GIS/2025-26/Cir/025

Date: 31st July 2025

Dear Parent,

Greetings from Griffins International School!

Griffins International School takes immense pride in consistently providing esteemed platforms of academic excellence, which are endorsed by the CBSE board. We would like to draw your attention to the Vidyarthi Vigyan Manthan (VVM), an initiative of Vijnana Bharati (VIBHA), in collaboration with Vigyan Prasar, GOI, and NCERT. We strongly encourage our students to actively participate in this competition.

VVM is a unique, online, national-level science talent search examination that is conducted through an application-based platform. Registered students will have the opportunity to take the exam using their own devices, such as smartphones (mobiles), laptops, or desktops, from either their school or home. It is important to note that the examination will be conducted exclusively on Windows and Android platforms.

- The first level examination is scheduled to be conducted on 28th of October and/or the 31st of October, 2025 for classes VI and VII, 29th October and/or 1st November 2025 for classes VIII and IX and 30th October and/or 2nd November 2025 for classes X and XI.
- School registrations will be handled by the institution; however, a payment of Rs. 200 is required for each student's registration.
- The last date for the submission of names along with the fee to the respective class teachers is 11th August, 2025. However, individual registrations can also be done by the students.

We are pleased to inform you that Mr. Abhinaba Roy will be the coordinator for the VVM program at our school. He will provide guidance to the students regarding study materials, syllabus, mock tests, and the final examination.

We strongly urge all eligible students to take advantage of this opportunity and actively participate in the Vidyarthi Vigyan Manthan. It is an excellent platform to showcase their scientific talent and broaden their horizons.

Should you have any further questions or require additional information, please do not hesitate to contact the VVM coordinator Mr. Abhinaba Roy – 9046203961.

Thank you for your attention and cooperation.

Regards
Principal
